

# The myOmegaFi Mobile App

Connect with your fraternal brothers and sisters, voice your opinion on chapter polls and easily pay your dues, rent, meals and fees with the free app available from OmegaFi. Even if you access your fraternity or sorority's customized version of myOmegaFi, the core features found in myPIKE, goKA, Exclusively Xi, myThetaChi (and others) are available right through your phone. There is no other app like it in the Greek community!

CONNECT

**Audience:** Undergraduates, alumni, volunteers and parents with fraternity and sorority chapters that use Vault for the management of chapter finances, membership and communications, or who manage their headquarters roster through OmegaFi's Vault.

**Implementation:** The free myOmegaFi app is available in Google Play for Android phones and the Apple iTunes Store for iPhones.

**Enrollment:** To sign in, you must have your username and password for the online version of myOmegaFi or branded version for your organization (i.e. myPIKE, goKA, Exclusively Xi, myThetaChi, and others). If you have not established access, visit OmegaFi.com and click "Get Access" at the top. Whether you are an officer, member or parent, this page will provide instructions on how to establish your access. After logging in on an enabled Apple device, Touch ID technology lets you securely access the app with your fingerprint.

## Features and Benefits:

### Connect with members

- View your entire chapter roster
