

VaultSM Tax Filing

Filing your chapter's IRS Form 990 is as fast and easy as 1...2...3 with OmegaFi's Vault. Tax-exempt organizations (that's you) with annual gross receipts of \$50,000 or less are required to notify the IRS of their continued tax-exempt status by filing a Form 990-N (e-Postcard). Those with receipts greater than \$50,000 a year must file the Form 990-EZ, Form 990 or Form 990-PF. Let us help!

Requirements and Penalties

When Congress passed the Pension Protection Act in 2006, it introduced a requirement that tax-exempt organizations (including fraternities and sororities) file a yearly return or notice with the IRS, regardless of the income they generate each year. The due date is the 15th of the 5th month following the end of your fiscal year. For example, if your fiscal year ends on June 30, then your Form 990 is due November 15. Non-compliance has steep costs, namely automatic revocation of one's tax-exempt status for failing to meet all reporting requirements for three consecutive years. This means you must then file income tax returns and pay income tax. Additional monetary penalties include potentially severe consequences for the Greek community's fundraising initiatives: in the case where contributors would normally be allowed to deduct their donations, a non-tax-exempt status might mean the difference between a donation or not, or the magnitude of their gift. Furthermore, organizations will then have to re-apply for tax-exempt status.
