LegFi

Good afternoon.

We just launched a **new, streamlined LegFi login experience for you!** Now, LegFi users can *access all OmegaFi solutions they use with one login*. This means that you save time and don't need to remember multiple passwords to access our system.

**Here's what you'll need to do:** The next time you log in, you'll be prompted to complete a few simple steps to finalize your new login experience. After that, future logins will reflect the more streamlined process.

Need help? You can use [this article](#) in the [LegFi Help Center](#) 24/7 or email us at [info@legfi.com](mailto:info@legfi.com) with questions.

Thank you,  
OmegaFi Product Team
