

OMEGAFI®

December 4, 2023

LegFi

Good afternoon.

We are pleased to announce **we're enhancing LegFi's user registration system and secure login experience**. *Effective **tomorrow, Tuesday, December 5**, LegFi's users at both the headquarters and chapter levels can easily access their product portals with one login.*

The next time a LegFi user logs in, they'll be prompted to complete a few easy steps to finalize their new login experience. Then, future logins will feature the streamlined user experience. We are eliminating the need for LegFi users to remember multiple passwords to access additional OmegaFi solutions.

Don't worry! There's nothing for you to do. We'll provide helpful resources for anyone who has questions or needs help.

LegFi users already received notifications about these changes, and we will notify chapter leadership tomorrow.

Please contact your Account Manager with any questions.

Thank you,
OmegaFi Product Team
